## General Donation Drive

Sinnott PTA's goal has always been to provide quality programs to help our children grow and to achieve to their full potential. In an effort to support intervention programs, provide special educational events and to attain our long term goal of purchasing classroom equipment that will enhance the learning experience, we are kicking off our General Donation Drive. Our goal for the year is to raise \$8500. We request a minimum one-time donation of \$25 per child to support our school and our kids.

Your generous tax deductible donation will help us attain our goal and will allow us to continue to provide support to the entire Sinnott family. Those who choose to donate more can earn a special leaf that will be engraved and placed on our Library Donation tree. In addition, the classroom that raises the most amount of money, will be given a pizza party later in the year.
